

OVERVIEW

After a lengthy consultation period between Genesis Energy and Ngāti Tūwharetoa, in 2000 the Tūwharetoa Māori Trust Board (on behalf of nga hapū o Ngāti Tūwharetoa) and Genesis Energy signed an agreement to mitigate the on-going impacts of the Tongariro Power Scheme on Ngāti Tūwharetoa.

An outcome of this agreement is the establishment of Ngāti Tūwharetoa – Genesis Energy Committee. The primary purpose of the committee is to distribute the mitigation funds on behalf of Ngāti Tūwharetoa as per the objectives set out below.

The **‘project objectives’** section is one of the most important parts of the application. In order to accurately assess your application, the committee needs to be able to understand the objectives of your project and how these relate to the key objectives of the committee.

The **‘project plan & budget’** should detail the steps that you intend to undertake with costs throughout the implementation of the project in order to enable the group to clearly understand what is being proposed.

For projects that are likely to be over \$50,000 you can apply for a grant of up to \$5,000 to undertake a feasibility study. This is to ensure that your project is scoped out appropriately before a full application is submitted to the group for consideration.

PLEASE NOTE:

The attached application form is for those applying for a Tūwharetoa Hosted Event, Wānanga, Cultural Significant Trip and all Environmental projects.

A separate application form is available for people wishing to apply for an education, health & wellbeing grant.

Key Objectives

The two key objectives of the group that relate specifically to project funding are:

1. To facilitate environmental/cultural projects and scientific studies involving waterways influenced by the TPD and adjacent lands.
Explanation: projects or studies that contribute to a better understanding of, or enhance an aspect of the environment and/or culture that is of significance to Ngāti Tūwharetoa and is in respect to waterways of the TPD and/or adjacent land.
2. To undertake activities and promote projects to support the kaitiaki role of Ngāti Tūwharetoa generally.
Explanation: projects that facilitate the exercising of kaitiakitanga by Ngāti Tūwharetoa, for example providing environmental education and wānanga, recording and promoting cultural heritage, improving the understanding of environmental legislation, developing resources to monitor and report on the environment.

1. Applicant must be of Ngāti Tūwharetoa descent and registered with the Tūwharetoa Māori Trust Board.

 8. Assurances relating to health and safety compliance are required as part of the application. The Committee may ask for supporting information in relation to such assurances.
 9. If successful, the applicant will be required to provide written feedback to the committee on the outcome of their proposal and if required a breakdown of the budget. The applicant will also be asked to report back to the committee at a suitable time.
 10. The committee retains the right to withdraw any funding if agreed project time frames have not been met and/or there has been no communication between the parties.

Note:

1. Minutes from trustee and/or hapū meeting must accompany application form with your letter of support from Hapū /Marae/Trust.
