### Purpose

These guidelines have been prepared to:

- » address concerns raised by the Tūwharetoa Māori Trust Board over the staging of one-off events upon Taupō Waters.
- » assist event organisers with the requirements and procedures associated for staging events on Taupō Waters.

### Ngāti Tūwharetoa and Taupō Waters

Ngāti Tūwharetoa are the tangata whenua and kaitiaki (stewards) of the Taupō region. The Tūwharetoa Māori Trust Board hold fee-simple title to the beds of Lake Taupō, including a number of tributaries flowing into Lake Taupō including Waihora, Waihaha, Whanganui, Whareroa, Kuratau, Poutu, Waimarino, Tauranga-Taupō, Tongariro, Waiepehi, Waiotaka, Hinemaiaia and Waitahanui Rivers and the Waikato River from the outlet of Lake Taupō to the Rock of Tia, which are collectively known as the 'Taupō Waters' (as shown on map in appendix one).

### Guiding Principles

The Guiding Principles are as follows:

- » The Taupō Waters are of significant cultural value to Ngāti Tūwharetoa. The staging of events and associated activities must respect, recognise and must not adversely affect, that cultural value.
- » The Taupō Waters are private property and, subject to the provisions of the 2007 Deed

between the Crown and the Tūwharetoa Māori Trust Board. The Board as owners of the Taupō Waters enjoy all associated rights and privileges.

- » The Taupō Waters are of local, national and international significance.
- » Events upon Taupō Waters require the consent of the Tūwharetoa Māori Trust Board as owners of the Taupō Waters.
- » As owners of the Taupō Waters, the Tūwharetoa Māori Trust Board is entitled to charge fees for filming and commercial photography activities. The Tūwharetoa Māori Trust Board will charge fees that are appropriate in the circumstances.
- » The Tūwharetoa Māori Trust Board reserves the right to approve and decline applications for filming of and upon Taupō Waters.

### Rationale

The fundamental rationale of these guidelines is to promote mutual respect, understanding of Ngāti Tūwharetoa and to provide production companies and commercial photographers with information which allows them to understand issues of importance to Ngāti Tūwharetoa and to plan effectively.

There has been an increasing demand for access to Taupō Waters for filming and photographic activities over recent years. This has necessitated the Tūwharetoa Māori Trust Board taking a stronger role in coordination and approvals for these activities and productions.

The concerns of the Tūwharetoa Māori Trust Board, which will require prior thought by event organisers include:

- » Use of indigenous Ngāti Tūwharetoa knowledge without consultation with the owners of that knowledge.
- » Perceived inappropriate use of culturally significant images e.g. Taupō Moana (Lake Taupō), Te Awa o Waikato (Waikato River) and Huka Falls.
- » Significant adverse effects on the environment, including indigenous species, caused by the event. The Tūwharetoa Māori Trust Board want to be made aware of measures taken to reduce the impact on the environment.
- » All enquiries should be through the Tūwharetoa Māori Trust Board in the first instance to avoid consulting with the wrong person.
- » Resourcing for Iwi liaison when the activity requires spending a considerable time close to sites of special importance to Ngāti Tūwharetoa. This is particularly the case if the event requires ground disturbance or is located very close to ancient urupa or wahi tapu (cemetery/sacred ground) or local settlements.
